Accident Caused By Dangling Wires

A Metropolitan Edison Co. pole and a car were in collision atop Seminary Ridge on Buford Ave. about 10:30 o'clock Sunday night.

William Lentz, manager of the utility, said the pole had apparently loosened and dangling wires caught the car as it passed near Larson's Court, dragging down the pole. Lentz said he understood the pole damaged the windshield of the car operated by Charles Taylor, McConehillsburg. He also said Metropolitan Edison crews were apparently en route to the scene before the accident occurred after receiving notice that the wires and pole were sagging.

A deputy sheriff accompanying several busloads of students held direct traffic until borough and state police could reach the scene to handle traffic while the pole was being removed and replaced. Damage to the pole was estimated at \$150.

President And Khrushchev May Meet In Early Future

By DOUGLAS B. CORNELL
PALM BEACH, Fla. (AP) — A Kennedy-Khrushchev conference on corrosive cold-war problems has become a definite possibility. The chances that one will be held, and held soon, are rated currently at 3 to 2.

But the grave issues of Laos and a valid ban on nuclear arms tests could turn out to be formidable barriers. In contrast, quick progress toward solutions could do much to assure a conference.

President Kennedy may extend a visit to Europe, which starts May 31, and stay on for his first meeting with Soviet Premier Khrushchev if things work out as they now appear likely to do. Either Stockholm or Vienna is regarded by the United States as a suitable site for the President and premier to meet face to face across the conference table.

"UNDER CONSIDERATION"

At the moment, it was learned, a meeting definitely is under consideration but no firm decision has been reached. That may come within a week.

Vienna and Stockholm have been mentioned as possible meeting places.

The President is known to be tremendously concerned that in the four months since he took command of government, East-West negotiations for an agreement forbidding nuclear weapons tests have deadlocked instead of making any real progress. These deadlocked negotiations are under

U.S. Reluctantly Agrees To Participate In Laos Meeting; Make Concession

By TOM OCHILTREE
GENEVA (AP) — The United States reluctantly agreed today to take part in an international conference on Laos after President Kennedy approved an American concession that deliberately left the status of the Laotian delegates vague.

The conference, which was to have opened three days ago, now is expected to go through at least a formal opening ceremony tonight or Tuesday.

The problem that has held up the high-level meeting has been deciding who would speak for Laos in negotiations on its political future. Three rival Laotian delegations are here.

The United States originally took the position that the only Laotians who should be allowed at the conference table were representatives of the pro-Western government of Premier Bou

(Continued From Page 1)

Metropolitan Edison Co., told the audience the success of the electrical heating system is "already assured" for the building. He noted that since the building was opened February 15, it was in use for "31 per cent of the winter" and heating costs for that period were 1 per cent below estimates. "All factors of the heating system are successful," he declared as he turned over 51 wall-size drawings and over 500 pages of specifications prepared for the school's unique heating system.

It was Mr. Buckner who presented the two "oscar" to Clair S. Buchart, York architect, and to Christopher Fry, representing the Hood Engineering Company of York. Each was given a mounted set of barometer, thermometer and humidity recorder.

A few minutes later Mr. Buchart of the firm of Buchart Associates, York, presented a symbolic key to the new building to Donald Trimmer, chairman of the Bermudian Springs School Authority.

GOODLING'S TALK

A final selection by the band was followed by the benediction pronounced by the Rev. Donald Roemer, pastor of the Church of God, York Springs.

"New discoveries have their impact daily on our modern world, and this building and others like it across the nation are making a contribution to better prepare our boys and girls to meet the challenge of modern living. The accomplishment of an achievement of this sort is another expression of the best American ideals and traditions."

He continued "The end product of every school system is the citizen it produces. This building has been built to meet the ever-increasing school population and to provide the young people with a fine modern education."

"You now have the physical facilities and it becomes the responsibility of faculty, pupils, staff, parents and the whole community to provide the best possible education for the children. Thus you will make your contribution toward building a better America and a better world. The key to a better America and a better world is an intelligent, dedicated citizenry."

SURPLUS FOOD CUT OFF FOR 15 FAMILIES

Fifteen families receiving federal surplus food for nearly two years through the York County program have been declared ineligible and subsequently turned down for future orders, it was learned last night.

The families, representing more than 50 adults and children, live in Adams County along the York County boundary.

Until the new Kennedy administration food surplus program forms were distributed, these families were believed to be residents of York County. The new forms, however, requested the applicants to list the name of the counties in which they live.

YORK COUNTY ONLY

In most cases their mail is processed out of York County post offices and their addresses show York area locations. Most families believed they were eligible for the food.

The York County administrators, headed by Col. Willard Crawford, who is also county Civil Defense director, said his staff had no alternative but to discontinue service to these families.

"I have no legal right to accommodate residents of Adams County. Our program is financed by taxpayers of York County," Crawford advised.

BEING STUDIED HERE

Adams County commissioners have never established a food surplus program, but admit they have a study of "this situation" underway.

According to E. Donald Scott, president of the Adams County Board of Commissioners, "we authorized our staff to make a study about three weeks ago."

All families are required to register every three months.

One Adams County family caught in the ineligibility move includes the parents and five children. The father who formerly worked in a furniture factory, has been unemployed for four years. He receives some state public assistance, but can secure federal food surplus only if Adams County adopts the program.

"We put that food to good use," he said.

the conference on this basis was given reluctantly by U.S. Secretary of State Dean Rusk after consultations with President Kennedy.

The formal U.S. position still is that the royal government of Premier Boun Oum is the sole government of Laos. But American delegates said they are willing to sit in on the conference of 14 nations in which the other two factions participate on the basis of the British-French compromise.

TEST RED SINCERITY

Informants said the Kennedy administration felt it was more important to test the sincerity of Soviet Premier Khrushchev's professed willingness to agree to a neutral policy for Laos than to allow the proceedings to break down on a question of representation.

But the conference here may never deal with the political and governmental aspects of the crisis in Laos since discussions that may lead to the formation of a neutral government now are under way in the Indo-Chinese kingdom itself.

The three top leaders of the rival forces are not in Geneva, preferring to remain at home in the hope some sort of political settlement can be achieved there.

NEW YORK (AP) — The nationwide radio news wires of The Associated Press and United Press International were taken over by the North American Defense Command Sunday night for brief testing of a new alert system.

GARY COOPER TO BE BURIED ON TUESDAY

By BOB THOMAS

AP Movie-TV Writer

HOLLYWOOD (AP)—The body of Gary Cooper lay in a mortuary chapel today as the world paid tribute to his greatness.

Rosary will be recited tonight for the 60-year-old star, who lost his fight with cancer Saturday. Tuesday his friends among the waning ranks of Hollywood greats will file into the Church of the Good Shepherd in Beverly Hills for the funeral.

The shock of his passing was not lessened by the fact that it had been known for a month that he was dying. As the news swept around the world, it evoked words of appreciation for the lanky Montanan who personified the American hero.

POPE CABLES BLESSING

Pope John XXIII cabled a message of sorrow to Cooper's widow and daughter. The British Broadcasting Corp. telecast a 15-minute tribute to the actor. "We feel like we've lost our best friend," said the movie critic of the Tokyo Shimbun.

The Washington Post editorialized Cooper "came to be a symbol of the vigor, courage and heroism in American life."

The London Times devoted 800 words to Cooper, calling him "the all-American hero."

The Cannes film festival in France lost its gaiety with news of Cooper's death. "The entire festival is in mourning," said an official. A special showing of "High Noon" was scheduled. Remarked the Soviet member of the film jury: "His death is a great loss for the film world."

REDS PAY TRIBUTE

Even the Communist press paid tribute. In Paris, the Humanite headlined: "America loses cowboy number one." Rome's L'Unita proclaimed: "A great actor disappears." The major Yugoslavian daily, Borba, said: "Gary Cooper will survive his physical death because he was one of the best of the great film creators."

Spent with cancer, Cooper died at 12:27 p.m. Saturday. "He had great will to live or he might not have survived that long," said his physician, Rex Kennamer.

Cooper's wife Veronica and their daughter Maria, 24, were at the bedside in the Holmby Hills home, along with the actor's priest, the Right Rev. Msgr. Daniel Sullivan. Also present was Cooper's mother, Alice Cooper, 87.

Only members of the actor's family, which includes a brother, Arthur, will attend the interment at Holy Cross Cemetery. Cooper was converted to Catholicism in 1959.

(Continued From Page 1)

Friday evening was devoted to discussions on finance and budgeting. Saturday morning Mrs. Robert Hanson, chairman of the membership committee, secured approval for a concentrated membership drive to be held late in August or early September "to provide sufficient finances to balance the budget." Adams County was reported as having "a very low ratio of members" and Mrs. Buehler was appointed membership chairman for the county.

The session closed with a report on PCA action on problems of the aging, 1959-61. In March 1960 a Council on Aging was approved.

The officers and staff of PCA met with Governor David L. Lawrence and he indicated that it is his desire that governmental departments concerned with the aged should cooperate with the work of the council, according to the reports. One hundred five state-wide organizations have been invited to take membership in the council and 20 have joined so far. A temporary executive committee has appointed a subcommittee to draw up a statement of program principles.

Current health and welfare legislation was discussed and members given the numbers of bills currently backed by PCA.

Kennedy has met with Prime Minister Harold Macmillan of Britain and Chancellor Konrad Adenauer of West Germany. He flies to Paris at the end of this month for six sessions in three days with President Charles de Gaulle of France.

RUSK HELPED OUT

Secretary of State Dean Rusk may have done some pulse feeling about a Kennedy-Khrushchev session when he and the foreign ministers of North Atlantic Treaty Organization countries met last week in Oslo. Rusk now is in Geneva for talks on Laos and has had conversations in the Swiss capital with Soviet Foreign Minister Andrei Gromyko. These could have touched on a possible meeting of their chiefs.

Not since Khrushchev torpedoed a Big Four summit conference over the U-2 spy plane incident a year ago have the premier and an American President met. A year ago, of course, Dwight D. Eisenhower was President.

Red Warning On French Bomb Tests

GENEVA (AP) — The Soviet government said today it might have to resume testing nuclear and hydrogen weapons unless the United States and Britain get France to abandon its testing program.

The assertion was contained in a formal statement the Soviet delegate, Semyon K. Tsarapkin, read into the record of the deadlocked nuclear conference at its 30th session.

"The Soviet Union has repeatedly stated that the French tests complicate the reaching of an agreement" on a worldwide suspension of nuclear weapons testing, the statement said. "This may force the Soviet Union to resume testing of nuclear and hydrogen bombs."

Sunday following religious services a hike to Middle Creek was conducted.

Adult leaders attending the weekend camp were Mr. and Mrs. Harry E. Baker, Mrs. John Bishop, Mrs. Ernest Overton and Mr. and Mrs. Harold R. Street.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

ONE HUNDRED YEARS AGO

Edward Everett: Last week Edward Everett made a very eloquent and powerful speech in support of the policy of the Government. He considered the contest as involving the Nation's life, as far above ordinary considerations and complete restoration of the authority of the Government. John Bell, on the other hand, has lost his balance and fallen into the arms of the conspirators. But Andrew Johnson, Thomas A. R. Nelson and Emerson Etheridge are loyally and devotedly fighting for the Union—out of which the Legislature of that State, in defiance of the will of the people, has attempted to carry Tennessee. There is no Convention in Tennessee, as in the other seceded States. The Legislature, which has no legal power, has passed a Secession Ordinance.

Important Meeting: A Meeting of the Governors of the Northern and North-western states took place at Cleveland, Ohio, on Saturday week, at which the governor of Pennsylvania was present. The object of the meeting was the discussion of the present aspect of affairs, and the more completely to consolidate their forces for the purpose of giving the National Administration the most efficient possible powerful aid. It was deemed expedient by the Executives of the different States to carry the war forward in the most vigorous manner—to march on the traitors, and on the very territory of treason, and to exterminate those who are at the head of the rebellion against the National Government. The exchange of sentiments between the Governors present exhibited the glorious fact that the people of the free States are a unit in their opposition to the rebellion, and their determination to maintain the Union at all hazards.

On Monday evening, the United States troops, encamped at the Roly House, being relieved by other troops, arrived at Baltimore, and quietly took possession of Federal Hill. They were the 6th Massachusetts Regiment, the 8th New York, and the Boston Light Artillery, six pieces, making altogether 1,300 men Gen. Butler commands. It took the Baltimoreans by surprise. Other troops were expected yesterday. It is a part of the program of Gen. Scott, who knows that he is about.

SEVENTY-FIVE YEARS AGO
Firemen's Festival: The Gettysburg Steam Fire Company, No. 1 will hold a Strawberry Ice Cream Festival in the Rink on Thursday, Friday and Saturday evenings, May 27th, 28th and 29th. It is the earnest request of the members that the citizens of Gettysburg will give them a hearty support in this effort to raise funds to defray the expenses of the Company. A committee will call on the ladies of town to ask their assistance in furnishing cakes. The Rink being large and airy, a pleasant time may be expected. The Grand Army Band has kindly offered to lend their aid during the festival.

Today's Talk

BACK YARDS

Back yards reveal so much. Pick out some of your local ones and learn of almost every phase of life out there.

At a time in my own life when I did a great deal of traveling I had a wonderful opportunity to look into the back yards of people's homes. Many were clean and neatly arranged, indicative of the genuine home lovers, but many were used mostly as a convenient dump with things of all sorts and shapes piled up in them.

Back yards, especially in our big cities, are seldom large yet offer an opportunity for beauty. The back yard also often reflects the character of the people who have the home in front. It is indicative of success, as well. The back yard can always be made attractive. It can be made into a patio. It can have flowers and vines in season. It can be a bird sanctuary, and a joy to children. And for a great part of the year it can become a kind of holy retreat.

In thinking of back yards the thought also comes to me of the back yards in people's minds—yards where the unwholesome thoughts are dumped, and all too often unloaded onto the back yard minds of others. On the other hand these back yard minds can be like the ones of homes where beauty reigns—where the rarely spoken thoughts are stored, on which we all meditate at times, or confide to the understanding.

People with unclean and untidy yards shrink from showing them to friends and visitors, but those who have made them beautiful and inviting take pride in showing them.

Often it is the back yard that sells the home and puts it in competition. That's the sort of competition that uplifts the home owner as well as the community.

Tomorrow Mr. Adams will talk on the subject: "The Every-where Eye"

Just Folks

PHILOSOPHY

He lived a calm, contented life,
There with his children and his wife;

And though his home was small
and plain,

He loved it more than fame or gain.

He had a curious notion which
Kept him from envying the rich,
And many a time he used to say:
"These walls keep every wind away,"

ment as that now in the Cyclorama at Broad and Cherry sts., Philadelphia. Never before have they had an opportunity to witness such a realistic and life like specimen of art work. And the subject, too, is one that should commend itself to all. The battle of Gettysburg—the greatest ever fought on the soil of this state, is pictured upon canvass with and fineness of effect that it has won the praise of all.

The New Jersey Legislature, at its recent session, passed a bill making a liberal appropriation for the erection of monuments on this field by the regiments from that state and for the general purpose of the Memorial Association, which is now a law by the approval of Governor Abbott. The act appropriates for the use of the Gettysburg Battlefield Memorial Association for the purchase and preservation of the battle-ground, with the natural and artificial defenses of the same and the perpetuation thereof, three thousand dollars; for the purpose of marking the positions of the New Jersey regiments, batteries and brigades, and of erecting a monument or monuments suitably inscribed, six thousand dollars.

Peace pillows here my weary head,

Can more than that a rich man do?"

Actor Dies

Screen actor Gary Cooper, who died of cancer in Hollywood, Calif., Saturday, is pictured in three stages of his life as one of the top-ranked movie stars. 8 Marks Set As Trojans Win SP Meet; Hayberger, Parker Shatter Records

Eight records were shattered and the new mark which was set in the mile relay, last event on the program, gave Chambersburg High School a thrilling 68-67½ victory over second-place Carlisle to capture the 27th annual South Penn Conference track meet here Saturday afternoon. The records were made on a heavy track.

Two of the records were made by Adams Countyans, George Hayberger, Gettysburg High ace, jumping 22-2 in the broad jump to wipe out the old mark of 21-4¾ set in 1940 by Bob Alspaugh of Carlisle, and Bruce Parker, Biglerville, scoring 11-5 in the pole vault to erase the 11-1¾ record of Bill Nickey, Carlisle, in 1951.

HANOVER ACE SHINES

Stealing all honors in the meet was Tex Eiserman, Hanover, who shattered three records, Eiserman heaved the shot 51-2½, eclipsing the old mark of 49-1¼ set by Sid Wells, Chambersburg, in 1956; tossed the discus 156-1 to break Jim Skinner's mark of 142-9¼ for Gettysburg in 1953, and hurled the javelin 190-1¼ to better the mark of 174 set by Wray Bevens, Chambersburg, in 1954.

Chambersburg's title-clinching mile relay squad turned in a 3:36.2 performance to wipe out the longest standing record of the meet, a 3:37.8 mark set by Shippensburg in 1932.

The other record was set by Bill Owens, Carlisle, in the 440-yard run, 50.7, to shatter the former mark of Dave Dowd, Carlisle, in 1956, 50.8, and Chambersburg's 880 relay squad which was clocked in 1:33.5 to break the Trojan's own record of 1:34.2 set in 1957.

Biglerville finished third in the team scoring with 38 points; Hanover was fourth with 32; Gettysburg fifth with 16, and Waynesboro sixth with 3½.

BRAVES EDGED BY GIANTS AS PHILLIES WIN

By THE ASSOCIATED PRESS
A walk to pinch hitter Matty Alou with the bases full in the ninth inning forced home the run that gave the San Francisco Giants an 8-7 victory over the Milwaukee Braves.

The victory, coupled with Chicago's 10-8 triumph over Los Angeles in 11 innings enabled the Giants to open up a full game lead over the Dodgers in the tight National League race.

Cincinnati beat Pittsburgh 4-1 and Philadelphia defeated St. Louis 5-4 in the other league games Sunday.

LOSING STREAK BROKEN
The Cubs snapped an eight-game losing streak, scoring two runs in each of the eighth, ninth and 11th innings to overcome an 8-4 deficit. Earlier, they had trailed Don Drysdale 5-0. Don Elston, in relief picked up his fifth triumph when Ron Santo singled in the tie-breaking run in the 11th. Dick Farrell was the loser in relief.

Norm Larker, Charlie Neal, Tommy Davis, Ron Fairly and Drysdale homered for the Dodgers to give them 46 for the season. No other team is even close. The Dodgers also made an error, their 42nd of the season. That's also the most.

MORE HOMERS
After a homer by Milwaukee's Lee Maye in the top of the ninth had tied the score at 8-8, Braves pitcher Ron Piche walked pinch hitter Matty Alou with the bases loaded in the bottom half of the inning to give the Giants the series, two games to one. Earlier, Ed Mathews of the Braves, Orlando Cepeda and Jimmy Davenport of the Giants, had homered.

Rookie pitcher Ken Hunt gave up four hits and one run in seven innings and doubled home a run himself as he registered his third victory in four decisions for Cincinnati. Bob Frend, a four-game winner, was the loser for Pittsburgh.

Run-scoring singles by Clay Dalrymple and Lee Walls snapped a 4-4 tie and gave the Phillies their second straight victory over the Cardinals. Chris Short, in relief was the winner and Lindy McDaniel was charged with the loss.

Pick Snively As Big 33 East Coach
HARRISBURG (AP)—It will be a case of teacher and pupil matching wits from the bench in the Big 33 east-west football game July 29 at Hershey Stadium.

Carl Snively will be coaching for the East team against George (Lefty) James for the West. James played under Snively at Bucknell and later was Snively's assistant at Cornell and North Carolina.

Snively was picked over the weekend as the East coach by Al Clark, executive sports editor of the Harrisburg Patriot-News and president of the Big 33, Inc. Named as his assistants were Duke Maronic of Steelton and John Frederick of Mechanicsburg.

Vote On Sale Of Baltimore Cagers
BALTIMORE (AP)—Seven Eastern Basketball League members will vote whether to approve the sale of the Baltimore Bullets to a New England syndicate.

Herb Kahles, representing the syndicate, said Saturday the Bullets would play next season in Bridgeport or Milford, Conn. He did not mention the purchase price.

The team won the President's Cup this year after finishing second in regular play, but has not drawn well at home.

The league members—Sunbury, Williamsport, Scranton, Wilkes-Barre, Easton, Allentown and Hazleton, all of Pennsylvania—and President Harry Rudolph probably will vote on the sale at the annual spring meeting June 1.

ARREST 3 MORE CAGERS AT NCS IN SCANDALS

RALEIGH, N.C. (AP)—Three North Carolina State College basketball players, including Captain Stan Niewierowski, face trial here June 5 on charges of accepting bribes to shave points or throw games.

Niewierowski was taken into custody Sunday by police in his hometown of Brooklyn, N.Y., and held as a material witness pending arrival of a North Carolina warrant.

The other two, Anton Muehlbauer of Brooklyn and Terry Litchfield of Louisville, Ky., were arrested over the weekend.

Muehlbauer was freed under \$3,000 bond posted by a friend, Tom Cain, a basketball fan and Raleigh insurance salesman.

HELD UNDER ARREST
Litchfield was held under house arrest at the college infirmary where he is recovering from a sore throat and fever.

The State Bureau of Investigation (SBI), which disclosed the charges at a news conference Saturday, did not know whether Los Angeles police had arrested a fourth man, Lou Barshak of Brooklyn, identified as the contact man in the alleged gambling conspiracy.

SBI Director Walter Anderson said he understood Barshak is a student at Los Angeles State College, but officials at that college said he had never enrolled.

The four men face maximum sentences of 15 years on each count when they come to trial in Superior Court.

SANDERS WINS COLONIAL GOLF

FORT WORTH, Tex. (AP)—Doug Sanders is \$7,500 richer and sporting a Colonial National Invitational golf title today.

Sanders, a five-tournament winner in his relatively brief professional career, edged Australian Kel Nagle by one shot. Nagle toured the 7,041-yard Colonial course in 67 strokes to climb from a three-way tie for ninth into the runner-up slot. He picked up \$3,500 for second place.

Billy Casper, the chunky veteran from Apple Valley, Calif., captured third place with 283 and collected \$2,500.

PALMER IS FIFTH
Gene Littler and Arnold Palmer, who also was just a stroke off the pace, fell apart in the final round with miserable 75s. Littler wound up tied with Don Whit for fourth at 284 and Palmer was all alone in fifth place at 285.

They earned \$1,900 and \$1,700 respectively.

Tied for seventh at 287 were Doug Ford and Stan Leonard, who won \$1,500 each.

Gary Player of South Africa closed with a 68 for 288 and a six-way tie for ninth. He pocketed \$1,158.34.

Eastern League
By THE ASSOCIATED PRESS
If you're looking for reasons why the Springfield Giants continue to hold first place in the Eastern League, put down clutch relief pitching.

The Giants have one of the strongest bullpens in the league with Paul Doyle and Ken Bracey. Bracey made his seventh appearance of the season Sunday, coming on in the fifth inning with the bases loaded and only one out to kill a Lancaster rally as the Giants came up with a 3-2 victory.

The triumph left Springfield 22 percentage points ahead of second place Binghamton which defeated Johnstown 6-2. In the only other game third-place Reading defeated Williamsport 8-4.

Bracey (1-0) picked up his first victory of the year as he gave up only three hits in the 4-2-3 innings he worked after taking over from Marty Martinez who was chased in the fifth after giving up two runs.

Springfield, running its winning streak to three, took a two run lead in the second on three hits and a walk but the clincher came in the seventh when Ed Herstke doubled, moved to third on an infield out and scored on an error by third baseman John Mason. Lynn Rube (0-2) was the loser.

Snively was picked over the weekend as the East coach by Al Clark, executive sports editor of the Harrisburg Patriot-News and president of the Big 33, Inc. Named as his assistants were Duke Maronic of Steelton and John Frederick of Mechanicsburg.

Show 8 Possible Entries In Derby

BALTIMORE (AP)—Carry Back's path to the second leg of the triple-crown will have to be around seven or so other three-year-olds throughout the race.

A nose count today by Pimlico officials of probable starters in the \$150,000 added Preakness Saturday showed eight fairly certain, including the Kentucky Derby winning Carry Back.

The others on the expected list are Crozier, Globemaster, Dr. Miller, Sherluck, Hitting Away, Fountain Hill and Crimson Fury.

Outside possibilities are Nashville Blue and Vapor Whirl. There's always the chance of a surprise entry on Friday, since there were 152 eligibles and Pimlico can't keep tabs on all of them.

STICKMEN COP FIRST WIN BY EDGING F-M

Don Pearce, Gettysburg College's outstanding attackman, rammed through five goals to pace the Bullet stickmen to an 8-6 win over Franklin and Marshall Saturday afternoon on the winner's field. The victory marked the first for the Bullets in six outings. The Diplomats are 4-4.

Pearce was one of three Gettysburg players to score in the first period to send the home team in front 3-1. The Gettysburg sophomore came back in the second half and scored the remaining four goals. Four of the five goals were assisted, two by Wayne Yohe.

BEST PERFORMANCE
The contest was by far the best turned in by the Bullets since the opening of the season. Gettysburg's stickwork was at its best and the Bullets turned in a fine defensive performance throughout the afternoon. Joe Bailly, Bill Sarvis and Bob Duncan were the three big defensive guns.

Bill Shoemaker paced the loser's with a trio of goals while Pete Mowerson assisted his teammates on three shots. Steve Cox turned back 16 shots for the Bullets while Mark Strovel collected 13 saves for the Diplomats.

Gettysburg will play its final lacrosse game of the season when it tangles with Penn State Tuesday afternoon on the State's field. Lineups:

NEWCOMERS ON SCENE FOR BIG 500-MILE RACE

INDIANAPOLIS (AP)—Brash newcomers have taken the place of four veterans killed since starting in the 1960 Memorial Day auto race.

There were six rookies among the 27 drivers who made 10-mile qualifying runs over the weekend for the golden anniversary 500-miler May 30.

Parnelli Jones, of Torrance, Calif., almost unbeatable on the Midwest high bank tracks last season, was fastest of the first-time qualifiers at 146.033 miles an hour.

SECOND BEST ROOKIE
Jack Brabham of Australia, defending world road racing champion and a champion intercontinental commuter, was second best of the "rookies" at 145.144 in a tiny English Cooper Climax.

Jones is 27 and Brabham 35. The other first-time qualifiers are A. J. Shepherd, 32, Gardena, Calif.; Ebb Rose, 36, Houston, Tex.; Bob Cleberg, 32, Tucson, Ariz., and Norm Hall, 35, Los Angeles.

They'll be at a definite disadvantage against 21 other qualified drivers who have averaged five Memorial Day starts.

SACHS WIN POLE
Eddie Sachs, Center Valley, Pa., only 33 but veteran of four speedway starts, won the pole position in Saturday's opening session at 147.481 miles an hour in a Dean Special.

Last year's starters missing from the scene at Tony Bettenhausen, killed Friday when a bolt snapped in a car he was testing; Jimmy Bryan, the 1958 winner; Al Herman and Johnny Thomson. The last three were killed on other tracks.

BIG INCREASE IN INDUSTRIAL PRODUCTION

By W. B. RAGSDALE JR.
WASHINGTON (AP)—A sharp increase in industrial production last month gives added indication that the U. S. economy is moving up from recession lows.

The Federal Reserve Board reported Friday a 2.5 per cent jump in industrial output over March. It was the first increase in 9 months and the best showing in 16.

It also was the strongest indication so far that the economy has snapped out of the recession which began last year.

And the experts of the Business Advisory Council and Department

of Commerce predicted the gross national product (GNP) would reach a record annual rate of \$525-530 billion by the end of the year. The BAC includes the heads of many of the nation's largest companies.

EMPLOYMENT GAINS

Good news also came from recent employment figures.

The Labor Department said Thursday there was a "significant" increase in the factory work week during April. It also reported modest employment gains in many job-scarce manufacturing industries.

And the Labor Department's Bureau of Employment Security reported that the number of jobless workers drawing unemployment benefits dipped during the week ended April 29 for the 10th straight week.

The total fell 113,900 to 2.61 million.

At the same time, the department reported that applications

Deny Loan For Three New Ships

WASHINGTON (AP)—The Federal Maritime Board has denied the application by American-Hawaiian Steamship Co. for loan and mortgage insurance to cover the construction of three ships.

American-Hawaiian had proposed building three container ships for operation between the Hawaiian Islands and the mainland for temporary additional unemployment benefits—part of President Kennedy's economic relief program—rose 81,200 during the week ended May 6 to 866,000.

No boom was in sight, but Pittsburgh sources indicated that the steel industry at last shows a sustained upturn. Production last week was at 68 per cent of capacity, compared with 58 per cent in the last week of March. This was the best showing for steel production since May, 1960.

WARDEN DEAD; HUNT KILLERS IN JAILBREAK

CAMBRIDGE, Mass. (AP)—A manhunt was on today for two accused killers who shot their way to freedom by killing the warden of Middlesex County jail Sunday.

Police described the pair as armed and dangerous. Officers were told to shoot to kill if necessary.

The fugitives were identified as Edgar W. Cook, 46, Brookline, and Norman Porter, 21, Woburn.

The victim was David S. Robinson, 33, head of the jail nearly 10 years. Robinson accepted Sunday duty so his deputies could have Mothers Day off.

A brother, Roger Robinson, is an FBI agent assigned to the New York office.

BOTH AWAITING TRIAL

Cook was to have gone on trial today in Middlesex County Superior Court for murder in the killing of a Cambridge policeman last Sept. 3. Patrolman Lawrence W. Gorman, 35, father of three, was shot down when he surprised two men attempting to break into a restaurant.

Porter also was awaiting trial on a murder charge. He was accused of killing John Piggott, 22, of Lynn, a clerk, during an attempted robbery of a clothing store 10 miles north of Boston, last Sept. 29.

The FBI entered the manhunt Sunday night when the fugitives were charged with the federal crime of unlawful flight to avoid prosecution.

PRODUCED A GUN

Jail officials said Porter had been conferring with a psychiatrist and was being escorted back to his cell when he suddenly produced a gun and backed guard Maurice Maher down a corridor to a room where Cook was talking with a lawyer appointed for him by the court.

Porter waved inside the door and Cook joined him, first warning the lawyer to stay where he was.

At that point Robinson appeared, the officers said, telling Porter:

"What's going on? Drop it! You're in enough trouble."

"Shoot him! Let's get out of here!" Cook commanded Porter, according to Maher's account. When the younger man hesitated, Maher said Cook grabbed the gun as Robinson lunged. One shot behind the ear killed him.

NAMED "MISS URI"

KINGSTON, R. I. (AP)—The University of Rhode Island's west and east coast via the Panama Canal.

Thomas E. Stakem, chairman of the Maritime Board, wrote the company Friday that the application was being denied because the intercoastal service already was being supplied by Sea-Land Service Inc.

"It is generally recognized," Stakem said, "that there is insufficient traffic in the intercoastal trade to support more than one operator."

The ships would have been built by the Sun Shipbuilding and Dry Dock Co., Chester, Pa.

Tanker, Freighter Collide On Sunday

DOVER, Del. (AP)—A Scottish tanker and an American freighter which collided on the Delaware Bay in a heavy fog headed for separate ports today for repairs to their bows which were extensively damaged.

The Coast Guard center in New York reported at 5 a.m. that the fog had lifted enough to allow the Norsescot, a 12,709-ton tanker, and the President Harrison, a 7,995-ton freighter, to proceed.

The Coast Guard said the Norsescot was headed for Philadelphia with assistance from two or three commercial tugs while the President Harrison was en route to Chester, Pa., under its own power.

The two ships collided Sunday shortly after 5 p.m. Seven Coast Guard ships were rushed to the scene but the heavy fog made it difficult to render aid. They stood by to maintain traffic control.

The vessels ran aground on shoals below the Ship John Shoal Light. No one was injured.

It was not immediately known how many persons were aboard either vessel.

By FRANK BRUTTO
VATICAN CITY (AP)—Pope John XXIII will issue a major encyclical soon giving the Roman Catholic Church's position on modern social problems.

The pontiff told an assembly of 100,000 workers from Italy and some 60 other nations Sunday that his document will outline "a magnificent program of Christian life and apostolic social activity," and "A living in Christ."

The new encyclical will mark the 70th anniversary of Pope Leo XIII's famous encyclical "Rerum Novarum (Of New Things)." That papal letter of 1891 stated the

Catholic position on labor, wealth and social justice. Along with "Quadragesimo Anno (Forty Years Later)," it is still a basic document of the church's teaching in the social field.

SUPPLEMENT LEO

Pope John said his encyclical would supplement Pope Leo's and would deal with "the new, grave and at times perilous problems of our epoch." He said the problem of underdeveloped countries "is justly called the problem of the modern epoch."

Publication of the encyclical had been expected today, the anniversary of "Rerum Novarum." But the Pope said it would be delayed several weeks so the Catholic hierarchy abroad could receive the original Latin text simultaneously.

Pope John described briefly the problems to be treated in his encyclical—"above all, and precisely, those concerning relations be-

URGING WATER RESEARCH UNIT IN THIS STATE

HARRISBURG (AP) — Pennsylvania agriculture has opened a new campaign to have the U. S. Agriculture Department establish a water research agency in the state.

Such a research center—to provide basic conservation data for all of the northeastern states—was recommended in a special U. S. Senate report two years ago.

"However, the establishment of this laboratory has been given a low priority by the Agricultural Research Service," said Dr. William L. Henning, secretary of agriculture.

"We do not agree with this

was crown bearer and her attendants were Kathy Maly and Victoria Kuhn. Audrey Rohrbaugh and Kathryn Redding were attendants to the queen, Margaret Mary Altoff, Eighth Grade, said the Act of Conservation. Harold Storm was cross bearer with George Peart and Ronald Redding as acolytes. Laurence Altoff and James Long were servers, and Thomas Gingrow and Robert Altoff, censer and incense bearers. The service included "Immaculate Mary" as the processional hymn; "Hail Virgin Dearest Mary," the crowning hymn; the crowning and the Act of Conservation; "Veni Creator"; sermon by the pastor; novena prayers in honor of Our Lady of the Miraculous Medal; "Remember Holy Mary" and benediction of the Blessed Sacrament.

Father Metz used as his sermon subject "The Shining Crown," which are the first words of the encyclical released by the Holy Father during the Marian Year. Father Metz said: "The greatest blessing of Mary is that she bore the Son of God, who by the mysterious ways of God, became Christ and Our Redeemer."

"On this day, when we honor both our heavenly mother and our earthly mother, let us ask the Eternal Son of God, through Mary, His mother, for all the graces we need for ourselves, for those near and dear to us, for our community, for our commonwealth, for this great United States and for the family of nations, because at this crossroads in history, God knows we need His help."

Destroy Bus, Beat "Freedom Riders" At Ga. Bus Stations

BIRMINGHAM, Ala. (AP) — A bus was destroyed by a firebomb and several members of a racially-mixed group of "freedom riders" were brutally beaten as they sought to bring their test of color barriers in bus stations into Alabama.

Members, however, vowed today to continue their swing which started in Washington 11 days ago.

All told, 13 persons were taken to hospitals Sunday—12 for smoke inhalation suffered when some one in a crowd of angry white men threw a fire bomb into a stalled bus outside Anniston, and one for head cuts suffered at the hands of white men using pipes for clubs at a Birmingham bus station.

Two other persons required medical attention. None was hurt critically.

No arrests were made in Anniston or Birmingham.

The "freedom riders" — eight white persons and eight Negroes — are members of the Congress of Racial Equality. They are riding regularly scheduled buses through the South to test racial segregation.

This was their first encounter with mass violence.

The group divided in Atlanta for the trip through Alabama, nine taking a Greyhound bus and seven boarding a Trailways bus, all headed for Birmingham.

Both buses ran into trouble at Anniston, about 50 miles from the Georgia line.

STATION CLOSED

When the Greyhound bus arrived there, the bus station was closed and an angry crowd of about 200 white persons milled around.

Members of the crowd smashed some bus windows with bars and lengths of pipe.

The driver headed for Birmingham, but six miles outside Anniston the bus had a flat tire. A crowd of white men who had followed in cars sought to board it.

They were blocked by Alabama state investigator, Eli M. Cowling, who had ridden the bus from Atlanta on a tip.

A fire bomb—believed to have been a soft drink bottle containing gasoline—was thrown through a window of the bus.

Highway patrolmen, summoned by a passing motorist, fired pistols into the air to disperse the crowd. The passengers got off before the bus was destroyed by flames.

The Trailways bus left Atlanta about an hour after the Greyhound bus. Dr. Walter Bergman, 61, a former Michigan State Uni-

versity professor and a member of the CORE group, said about eight or ten white men had boarded the bus in Atlanta.

He said they beat several members of the group, including himself, at Anniston. When the bus reached Birmingham, 60 miles west of Anniston, a crowd of white men was waiting.

Two members of the CORE group, a Negro and a white man, were beaten when they headed for the white waiting room.

Outside, on the bus docks, white men using lengths of pipe as bludgeons, mauled others, including a Negro bystander.

IKE WILL FILL ADVISOR ROLE FOR GOP IN PA.

HARRISBURG (AP) — Former President Dwight D. Eisenhower will serve as an advisor to the Republican Party in Pennsylvania, the state's GOP leaders report.

Sen. Hugh Scott, R-Pa., and George I. Bloom, Pennsylvania's Republican chairman, Sunday quoted Eisenhower as saying that he would do everything possible to help strengthen the party.

The two leaders conferred with the former president Saturday at his nearby Gettysburg farm.

A spokesman for Eisenhower

said the former president would have no immediate comment on the Scott-Bloom statement.

PLAN IKE RALLY

It was not disclosed just what Eisenhower might be asked to do specifically. But several months ago Bloom had indicated that he would be invited to sit in on discussions next year aimed at drafting the GOP's statewide ticket for 1962. Pennsylvanians will elect a governor and U.S. Senator.

Democrats now hold all offices in the executive branch of the state government and control both houses of the legislature.

"We are tremendously pleased that this great American will be able to participate in the programs we will develop in the months ahead for strengthening our party and government," the Bloom-Scott statement said.

They also disclosed preliminary

plans for a rally in Eisenhower's honor sometime early in the summer near Harrisburg. They said further arrangements would be announced later.

STUDIO HIRES FOUR DOGS TO ACT AS LASSIE

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP)—A recent line in this column concerning the illusion-shattering news that "Lassie," the collie star of the program of the same name, was really four dogs and all of them male, brought a prompt explanation from the advertising agency which handles the show.

Jim Swift, my correspondent, states that Lassie has been a male since the eighth day of

shooting, more than 20 years ago, of "Lassie Come Home," a movie from which the TV series subsequently developed.

The very first Lassie was female. For the first six days of shooting—inside the studio—she was great. Then during the luncheon break on the second day of the location shots, a handsome male Doberman turned up. The result was that Lassie broke her leash and eloped. Shooting had to be canceled for the rest of the day, at considerable cost.

The result was high-level decision that future Lassies would have to be males, and that there would have to be enough stand-ins and doubles to cope with emergencies.

At a time when television is under heavy fire for its big doses of unnecessary violence, the National Broadcasting Co. decided that the very thing the viewers needed now was a short version of "The Untouchables."

Its 30-minute gangbuster series, which bowed in Friday night, is called "The Lawless Years." The premiere show was another version of the violent end of New York gangster "Legs" Diamond, a clay pigeon of the roaring 20s.

It promises to be a series of nice gory little programs to while away the hot summer evenings. Bob Hope turned up Saturday night with his last and far and away his best show of the season. The sketches—a satire on

haunted house melodramas and

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

YANKS TAKE 2 FROM TIGERS; ORIOLES LOSE PAIR TO TRIBE

By THE ASSOCIATED PRESS
Yogi Berra's pinch single in the 11th inning of the opener and a six-straight single attack in the first inning of the second game gave the New York Yankees a 5-4 and 8-6 sweep of a double-header from Detroit.

The twin victories Sunday enabled the Yankees to whittle the Tigers' American League lead to 2 1/2 games.

Minnesota moved into third place, past Baltimore, edging Los Angeles 43 while Cleveland was taking two from the Orioles, 1-0 in 15 innings and 6-4. Chicago and Kansas City split a twin bill, the White Sox winning the first game 6-1 and the A's taking the second 5-3. Washington defeated the Boston Red Sox twice, 3-0 and 2-1.

Washington's sweep gave the Senators the series from the Red Sox, three games to one. McClain yielded five hits for his fourth victory. Daniels pitched a three-hitter for his second triumph.

McClain, picked up in the minor league draft for \$25,000, retired the first 16 batters as he became the first Washington pitcher to win four games. He scored what proved to be the winning run himself in the third inning. He doubled off Billy Muffett and came around on Billy Klaus' single and an infield out.

Yogi Berra's bases loaded single in the 11th inning of the first game and a five-run first inning in the second game gave the New York Yankees a 5-4 and 8-6 sweep of a doubleheader with Detroit. Jim Coates, in relief, was credited with both victories.

Detroit, trailing 4-1, tied the first game score in the ninth, scoring three runs but in the 11th, Mickey Mantle singled and scored the winning run on Berra's pinch hit.

In the second game the first six Yankees to face Jim Bunning singled, providing the winners with a 5-0 lead. Detroit made it close on homers by Rocky Colavito, Dick Brown and Charley Maxwell.

A throwing error by Baltimore shortstop Jerry Adair provided the Indians with an unearned run in the 15th inning to end the longest game in the major leagues this season. Willie Kirkland's three-run homer won the second game for Cleveland.

The White Sox and Athletics traded victories on two-run homers. In the first game, Luis Aparicio, Wes Covington and Jim Landis each homered with a man on base to help Bob Shaw register his third victory. In the nightcap, catcher Joe Pignatano homered with a mate aboard to give Joe Nuxhall his first A's victory.

Bob Allison's sacrifice fly scored the winning run in the eighth after the Twins had scored the tying run on a bunt, two fielder's choices, a walk and three errors.

Buying a USED CAR?

Timely Tips That Can Help Protect Your Investment!

1. Choose your dealer carefully.
2. Buy only from a well established reputable dealer.
3. Buy only from a dealer who maintains his own adequate facilities to service the car you buy.
4. Insist on a WARRANTY in writing that can be "backed-up."
5. BUYING from a NEW CAR DEALER, IS YOUR BEST BET. . . Most new car dealers sell locally owned trade-ins, not Used Cars obtained from Auto Auctions or distress merchandise from large cities.
6. Insist on knowing where the Used Car came from. "Ask who was the previous owner." Most new car dealers will be happy to tell you and invite you to contact the previous owner.
7. New Cars bought from Used Car Dealers . . . REMEMBER, only the New Car Dealer is authorized to extend a FACTORY WARRANTY to a buyer, NO ONE ELSE.

DRIVER FIGHTS PIGGYBACKING

WASHINGTON, Pa. (AP)—An unemployed truck driver, traveling across country on a bicycle to stir up opposition to railroad piggybacking, set his sights on Uniontown Pa., today.

Russell Perrine of Kansas City stayed overnight near here and said he plans reaching Uniontown by this evening.

Perrine said that if he can organize a parade or other anti-piggybacking demonstration, he may spend several days in Uniontown.

Perrine left Kansas City April 3 and walked about 350 miles before switching to a bicycle. During his trip, Perrine says, he has collected 25,000 signatures on a petition opposing piggybacking, which is the transportation of truck trailers on railroad flatcars.

He hopes to reach his goal, the nation's capital, by May 23. There, he hopes to meet President Kennedy and present him with the petition.
